Different Colors of Paper
Many businesses have a system of using different colors of paper for different printed forms, thus distinguishing each form by its color.

We can work this system out for you, using **MANNERMILL BOND**

the Utility Business Paper, and you will find that it saves you time and money. Let us show you the advantage of standardizing your paper and your printing.

MAYBE SO.

I have been told that the huge underground contraptions buried in the ground at many of the street corners, presumably to keep drivers from cutting corners, were cannon used at the battle of Pyramid Lake in 1860. I think somebody is trying to string me.—S. O. Journaler in Virginia Chronicle.

NOT IN FAVOR OF SORORITIES

(By Associated Press)

STANFORD UNIVERSITY, April 4.—Sororities here have submitted to Dr. Ray Lyman Wilbur, president of Stanford, an alternative proposal to his plan for abolition of the present sorority housing system.

Dr. Wilbur and the dean of women hold that the separate living groups are an undemocratic influence and propose that all women shall live in large dormitories.

The sororities now suggest that the university build or permit the sororities to build on uniform plans a group of houses near the main women's dormitory, that the sororities sell their present houses for use as men's dormitories and take possession of houses in the proposed group.

ROBS RAMONA'S WELL OF COIN

(By Associated Press)

SAN DIEGO, April 4.—A hole dived to the bottom of the wishing well at Ramona's marriage place at Old Town, near here, recently, and took the accumulated hoard of pennies and silver, amounting to \$40, and have been dropped there by seekers of luck and good fortune, according to the proprietor of the historic place.

Here is the ancient motto that hangs over the well:
Quitt ye the waters of Ramona's well,
Good luck they bring and secrets tell.

Here were they by a scandalous friar, who drank and wish for thy desire. Thousands of tourists, each year, up the water and drop coins in homage to the good luck spirit that is supposed to inhabit the well.

MISTAKES.

When a plumber makes a mistake, he charges twice for it.

When a lawyer makes a mistake, it is just what he wanted, because he has a chance to try the case all over again.

When a carpenter makes a mistake, it's just what he expected.

When a doctor makes a mistake, he buries it.

When a judge makes a mistake, it becomes the law of the land.

When a preacher makes a mistake, nobody knows the difference.

When an electrician makes a mistake, he blames it on induction; nobody knows what that means.

But when an editor makes a mistake, "good night"—Santa Fe Magazine.

Then, too, her reputation as a cook must be upheld—and she "stakes" it on Calumet everytime. She knows it will not disappoint her. Order a can and have the "company" kind of bakings every day.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.
